Skin: Not expected to be irritating, sensitizing, when used as intended.

Inhalation: Not expected to be irritating to the respiratory system, when used as intended.

Ingestion: Product used as intended is not expected to cause gastrointestinal irritation.

Label elements:

Signal word: Warning

3 – COMPOSITION AND INGREDIENTS

Product is a mixture of several chemical ingredients.

INCI: Alcohol (62%), Water/Aqua/Eau, Glycerin, Propylene glycol, Aloe Barbadosensis leaf extract, Tocophery1 acetate, Perfume/Limonene.

Alcohol: CAS number: 64-17-5

Alcohol (ethanol): eye irritant, flammable liquid

4 – FIRST AID MEASURES

Eye: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention. **Skin:** Irritation or allergic reaction is not expected.

Inhalation: Irritation or allergic reaction is not expected.

Ingestion: Harmful effects are not expected under normal use. Accidental ingestion of the product may require medical attention. In case of accidental ingestion dilute with water. Do not induce vomiting. If discomfort persists, contact a physician.

5 – FIRE FIGHTING MEASURES

Extinguishing media: Use chemical foam, dry chemical, carbon dioxide or water.

Explosion hazard: Not applicable.

Fire fighting info: Contact emergency personnel. Use self-contained breathing apparatus and protective gear, if large quantities of product are involved.

6 – ACCIDENTAL RELEASE MEASURES

Procedures for spill/Leak clean-up

Household settings: Absorb liquid and scrub the area. Dilute with water until surface is no longer slippery.

Non household settings: Use safety if splash hazard exist. Use gloves and other protective clothing to prevent skin contact.

7 – HANDLING AND STORAGE

Precautions for safe handling

Handle in accordance with good industrial hygiene and safety practice. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources.

No smoking. Do not ingest or swallow. Observe good industrial hygiene practices.

Conditions for safe storage: Keep containers closed when not in use.

Incompatible materials: Strong oxidizing agents. Acids.

Household settings: External use only, keep out of reach of children.

Non-household settings: No unusual handling or storage requirements. Storage in large quantities (warehouse) should be in a well-ventilated, cool area.

8 – EXPOSURE CONTROLS/ PERSONAL PROTECTION

Household settings: This is a personal care product that is safe for consumers and other users under normal and reasonably foreseen use.

Non-household settings: Use safety glasses if splash hazards exist, use gloves and other protective clothing to prevent skin contact. Always follow good hygienic practices. Avoid prolonged contact with skin and clothing.

9 – PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Liquid

Appearance: Transparent liquid

Odor: Slightly citrus aroma

pH: Not available

Melting point/ Freezing point: Not available

Boiling point: 80,4

Flash point: 22 °C

Evaporation rate: Not available

Flammability: Flammable

Upper/Lower flammability: Not available

Vapor pressure: Not available

Vapor density: Not available

Relative density: Not available

Specific gravity at 25 °C: Not available

Solubility in water at 20 °C: Complete

Partition coefficient: Not applicable

Auto-ignition temperature: Not available

Decomposition temperature: Not available

Viscosity: Not applicable

10 – STABILITY AND REACTIVITY

This product is chemically stable and non-reactive under the normal and reasonably foreseen use, storage and transport.

Conditions to Avoid: Avoid using the open fire.

Other recommendations: None

11 – TOXICOLOGICAL INFORMATION

This is a personal care product that is safe for consumers and other users under intended and reasonably foreseeable use. Potential health effects are not expected, when used as intended.

12 – ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. The product is not classified as environmentally hazardous. Avoid release to the environment.

13 – DISPOSAL CONSIDERATIONS

Household settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

Non-Household settings: This product does not meet the criteria for an environmentally hazardous mixture.

14 – TRANSPORT INFORMATION

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

Description of the goods: Ethanol solution

Class: 3

Packing group: II

Environmentally hazardous: no

Marine pollutant: no

15 – REGULATORY INFORMATION

Finished product is not considered as hazardous, if used as intended. The product has been manufactured according to EU Cosmetic GMP Certification.

16 – OTHER INFORMATION

The information contained in the SDS is based on technical data considered to be accurate. Since the actual use by others is beyond our control, no warranty or guarantee is expressed or implied regarding the accuracy of the data or the results to be obtained from the use thereof. Manufacturer assumes no responsibility for injury to the recipients or third persons, or for any damage to any property resulting from misuse of the product.
